WORKPLACE HEALTH AND SAFETY POLICY

At Structure BM a commitment to workplace health and safety is part of our business.

This is achieved through:

- Provision of safe and healthy working conditions for the prevention of work-related injury and ill health;
- Eliminating hazards and reducing WHS risks;
- Complying with statutory requirements, codes, standards and guidelines;
- Setting up objectives and targets with the aim of eliminating work related incidents in relation to our activities, products and services;
- Defining roles and responsibilities for workplace health and safety; and
- Continual improvement of the management system.

Strategies will include:

- Ensuring workplace health and safety management principles are included in all organisational planning activities;
- Provide a framework for setting OHS Objectives;
- Providing ongoing education and training to all of our employees;
- Consulting with employees and other parties to improve decision-making on workplace health and safety matters;
- Ensuring incidents are investigated and lessons are learnt within the organisation;
- Distributing workplace health, safety information, including this policy, to all employees and interested parties;
- Providing enough resources to ensure workplace health and safety is a central part of the organisation; and
- Ensuring effective injury management and rehabilitation is provided to all employees.
